**MARE DETAILS**

Name ..... Passport number .....

UELN.....

Breed ..... YOY ..... Colour .....

**OWNER/KEEPER DETAILS**

Name .....

Address.....

.....

On Monday 23 March, the UK Government introduced restrictions requiring people to stay at home as far as possible to help reduce the spread of the coronavirus outbreak. These restrictions will be in place initially for the three weeks following 23 March. Essential stud work cannot be carried out from home and Equus Vets/Newton Stud believes the protocols listed below will allow the absolutely necessary travel and activities for horse breeding operations. All people involved in this protocol must be in good health (absence of clinical signs and with no temperature), not in-contact persons, or vulnerable people at risk.

**They are based on latest Government guidance, and will be updated if this changes**

**Transport**

1. Any appointment must be made in advance of travel with the staff at Newton Stud.
2. Associated paperwork must be completed and sent electronically in advance, including passport information and completion of the COVID - 19 transport form.

3. The vehicle used for transport must be disinfected before and after every visit including any handles, the ramp or other areas where stud staff may have had, or will have, contact.
4. Staff travelling in the horsebox must comply with Government advice on social distancing.
5. Unless there is an emergency or human or animal welfare requirement related to the animal being transported or the driver, it is prohibited to stop on the journey.
6. At Newton Stud, the unloading and re-loading of the horse/horses will be conducted by the stud staff with no contact with the travelling staff. Hygiene precautions must be followed at every stage of this loading process, using robust disinfection processes of the horsebox handles and any equipment, and hand washing.
7. Staff travelling in the horsebox should only exit the horsebox at the location they are visiting to use welfare facilities, using all sanitary precautions. There must be no direct contact with the staff on the site.

#### DECLARATION

I have read and understood all the information provided in this form and agree to them.
