

Duratone

Highly concentrated B-Vitamin and Sorbitol blend
for energy, vitality & recovery.

- B-Vitamin enriched tonic
- To support sports horses in intense exercise
- Suitable for horses recovering from immune challenges or surgery
- For use in post-viral cases and cases which need a pick-me-up
- Competition Safe (UK)

NUTRITIONAL B-VITAMIN ENRICHED TONIC:

- ✓ **Sorbitol** has a naturally sweet flavour without the pro-insulin side effect. A syrup base for superior absorption.
- ✓ **Vitamin B1 & B2** to optimise food conversion, energy, maintain normal appetite, promote normal growth, fertility, skin & coat condition.
- ✓ **Vitamin B5** (D-Pantothenic Acid) for metabolic reactions including releasing energy from fats/sugars & producing steroid hormones.
- ✓ **Vitamin B6** aids the metabolic enzyme system, immune system integrity & energy production.
- ✓ **Vitamin B9** (Folic Acid) supports the immune & nervous system and normal formation of haem (the iron containing protein in haemoglobin) & white blood cells.
- ✓ **Vitamin B12** to support red blood cell formation, maintenance of nerve tissue & nervous system.
- ✓ Enriched with **Biotin**, **Iron** and **Selenium** to assist with the utilisation of B-Vitamins and provide additional trace elements.
